

Warehouse Worker (M/F) - part time

Do you have experience in a technical work environment and enjoy managing a warehouse? Are you also self-directed and pragmatic? Then read on!

What will you do?

As a Warehouse Worker, you will be responsible for the physical flow of goods within Diesel Equipment Trading. It is a challenging and independent position in which you add value to customers by being responsible for the entire process in the warehouse.

Tasks and responsibilities

- You receive the goods, check them and book them in.
- You handle the issue of goods and record them correctly.
- Together with a team of colleagues, you ensure correct stock levels in the warehouse.
- You ensure that the warehouse is tightly organised and all stock is properly registered in the system

What do you bring for that?

As a part-time Warehouse Worker, you have some sort of experience as a warehouse worker/assistant and you are familiar with the logistics processes and procedures. It is an advantage if you have an affinity with (diesel) engines and have technical insight. Besides being self-managing, you work structured and disciplined and you like order and tidiness. You cope well with pressure, freedom and responsibility. You have a good command of the Dutch and/or English language, both verbally and in writing. You are in possession of a valid forklift and/or reach truck certificate and you also have experience with manoeuvring a forklift and/or reach truck in the warehouse.

What do you get in return?

- A highly varied job in a healthy and growing international company
- An organisation with short communication lines
- A high degree of independence and self-development
- Excellent working conditions appropriate to this challenging position

Are you interested?

Would you like to become our new colleague?

Then send your CV with motivation to Erik van der Heijden, Spare Parts Manager, e.vd.heijden@det-engines.com. For more information about the position itself, please contact Erik van der Heijden, telephone number 024 34 34 252.
